

SCHOOL OF NURSING

## MN505: Unit 9 Assignment

### Health Statistics and Populations

The following website will aid you in completing this Assignment:

Utilizing the US Preventive Services Task force site  
(<http://www.uspreventiveservicestaskforce.org/Page/Name/recommendations>)

### Directions

You will need to create a chart that illustrates preventative care measures for individuals ranging from age 21-65. The chart should include:

- Immunization recommendations
- Well person visit recommendations
- Cancer screening recommendations (cervical, breast, prostate, colon)
- Other preventative services (dental care, vision care, screening for age related memory changes, etc)

Please include gender and age groups in your chart data.

**DUE:** to Dropbox on end of Day 7 of Unit 9.

**To view the Grading Rubric for this Assignment, please visit the Grading Rubrics section of the Course Home.**
